

NKTELCO is proud to bring you LIVE coverage of the sports games that we cover! We're going to be using the platform NKT.tv to be streaming our games, and this document is to help you with the NKT.tv platform, how to access the games, purchase them and watch them!

To start, go to nktelco.com/sports and click the red NKT.tv logo on the page to access the "Premium Content" page where all of the live events will be listed.

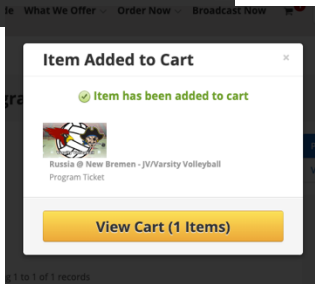

On the NKT.tv page, select the event that you would like to purchase and select the "Add to Cart" button.

When you select the Add to Cart Button, a box confirming the video you want to add to cart shows up on the screen. Select "Add to Cart".

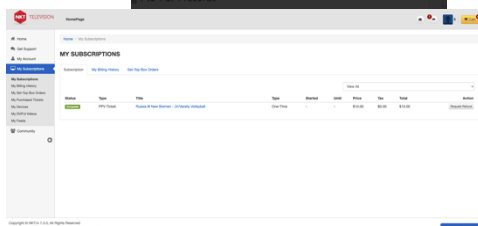

Once the video is added to the cart, you can view your cart and check out. **Note that you will need to sign up for an NKT Account to purchase a ticket for these games.** You can create an NKT Account at no additional cost.

Once the ticket is purchased, you will need to go to the "My Subscriptions" menu under your account on the top right of the menu.

In the "My Subscriptions" menu, you will see a list of the games you purchased. You can click the title of the event to go to the channel that the event will be broadcast on.

As long as you are signed in, you will be able to watch the video on your PC or use a device such as a Chromecast to stream it to your PC.
